

Key Stage Two Performance 2016

We are a small school, our class sizes fluctuate from year to year and when our pupils numbers are less than eleven in any one cohort our data is suppressed to protect individual identify. All data is suppressed if the cohort in either, the 'disadvantaged', or 'other' pupil group, is fewer than six. This year our Key Stage Two results are based on two pupils, therefore results are not available.

For more information about school performance please contact the head teacher.
