1. Aims

This remote learning policy for staff aims to:

- Ensure consistency in the approach to remote learning for pupils
- Set out expectations for all members of the school community with regards to remote learning
- Provide appropriate guidelines for data protection

2. Roles and responsibilities

2.1 Teachers

When providing remote learning, teachers will be available between 8:30 am and 4pm

(If they are unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure.)

When providing remote learning, teachers are responsible for:

- Setting work:
 - Providing work for the children who would normally be in their class (lesson where these are taught by subject specialists) In the event that a member of staff is unable to provide remote learning for pupils, another teacher will provide cover on a short-term basis. Any change of key teacher will be made in consultation with the Headteacher.
 - Teachers should provide the following amounts of learning for pupils:
 - EYFS: less than 3 hours per day
 - Key Stage 1: 3 hours a day
 - Key Stage 2: 3/4 hours a day
 - Work should ideally be set by the previous day or at the latest by 9am of the day it needs to be completed
 - Work should be uploaded to Teams accounts or emailed directly to and from parents/carers.
 - Liaison with other teachers to ensure consistency across the year/subject and to make sure pupils with limited access to devices can still complete the work

- Providing feedback on work:
 - Pupils/ parents are expected to return their paper-based packs to school once a week, or as soon as is practically possible, and to upload activities to Teams and Dojo.
 - Teachers will give children verbal feedback during the same online session or the next session. Written feedback is given using comments on the children's completed work where appropriate. ClassDojo may also be used to give feedback to those parents who choose to communicate through this platform.

- Keeping in touch with pupils who are not in school and their parents/carers:
 - Children are expected to turn up to Teams meetings arranged by their teacher. If the children do not attend a session, the teacher may email or call the parents and ask the reason why their child wasn't on the session. Phone calls are made to families where necessary.
 - School expectations are that emails from parents and pupils are answered the same day where possible. However, there's no obligation from staff to answer emails sent after the working day has finished.
 - In the first instance, complaints or concerns will be addressed by the child's teacher and a record of the discuss and outcomes will be made on the family communication records. If the issue is not resolved it will be escalated to the Executive Head Teacher.
 - The barriers to accessing remote learning may be addressed by using equipment loaned from school and/or paper-based work packs.
 - If work isn't completed, the teacher will ask the child why it hasn't been done. Teachers may email parents to follow up and phone calls made if necessary.

➤ Attending virtual meetings with staff, parents and pupils:

- Pupils and staff are expected to be dressed in their daytime clothing.
- Pupils are expected to be in a communal area of their home e.g. kitchen and within earshot of another family member. Staff should be aware of the need to maintain personal privacy of their home setting and if necessary will use a background effect. Children are encouraged to use the chat function where possible and to use the hands up button if they need to speak. The children are expected to have their microphones on mute when asked.
- Any instances of poor behaviour or inappropriate comments during online sessions will be addressed immediately during the online session and followed up by the Headteacher as necessary.
- Teachers in school will still provide remote learning to their classes and will organise the routines for critical worker and vulnerable children attending school. Teachers utilise the teaching assistants so that they are able to provide remote learning to their class.
