The Dales Partnership Online Safety Policy

1. Policy Aims

- This online safety policy has been written by The Dales Partnership involving staff, learners and parents/carers, building on the Kent County Council/The Education People/Durham County Council online safety policy template, with specialist advice and input as required.
- It takes into account the DfE statutory guidance '[Keeping Children Safe in Education](#)' 2022, '[Early Years and Foundation Stage](#) 2021, '[Working Together to Safeguard Children](#)' 2018 and the [Durham Safeguarding Children's Partnership](#) procedures.
- The purpose of The Dales Partnership online safety policy is to:
 - Safeguard and protect all members of The Dales Partnership community online
 - Identify approaches to educate and raise awareness of online safety throughout the community
 - Enable all staff to work safely and responsibly, to role-model positive behaviour online and to manage professional standards and practice when using technology
 - Identify clear procedures to use when responding to online safety concerns.
- The Dales Partnership identifies that the issues classified within online safety are considerable, but can be broadly categorised into four areas of risk:
 - **Content:** being exposed to illegal, inappropriate or harmful material
 - **Contact:** being subjected to harmful online interaction with other users
 - **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm
 - **Commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams. We will report any concerns to the [Anti-Phishing Working Group](#)

c. Filtering and Monitoring

Note: A guide for education settings about establishing 'appropriate levels' of filtering and monitoring can be found at: <https://www.saferinternet.org.uk/advice-centre/teachers-and-school-staff/appropriate-filtering-and-monitoring>

i Decision Making

- The Dales Partnership's governors and leaders have ensured that our setting has age and ability appropriate filtering and monitoring in place, to limit learners' exposure to online risks.

- The governors and leaders are aware of the need to prevent “over blocking”, as that may unreasonably restrict what can be taught, with regards to online activities and safeguarding.
- Our decision regarding filtering and monitoring has been informed by a risk assessment, considering our specific needs and circumstances.
- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the leadership team; all changes to the filtering policy are logged and recorded.
- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard learners; effective classroom management and regular education about safe and responsible use is essential.

ii Filtering

- Education broadband connectivity is provided through Durham County Council.
- We use Smoothwall which blocks sites which can be categorised as: pornography, racial hatred, extremism, gaming and sites of an illegal nature. Schools should also be aware of the filtering detecting other safeguarding issues, such as self harm, serious violent crime or issues with county lines grooming.
- The filtering system blocks all sites on the [Internet Watch Foundation](#) (IWF) list.
- All school devices should be connected to a filtered feed. If a school device needs access to additional content, for instance to manage official social media, the filter settings for that device or user should be modified to allow access to that content.
- We work with ICTSS to ensure that our filtering policy is continually reviewed.
- If learners discover unsuitable sites, they will be required to:
 - turn off monitor/screen, or turn iPads face down on the table. and report the concern immediate to a member of staff.
 - The member of staff will report the concern (including the URL of the site if possible) to the DSL (or deputy) and/or technical staff.
 - The breach will be recorded and escalated as appropriate.
 - Parents/carers will be informed of filtering breaches involving their child.
- Any material believed to be illegal will be reported immediately to the appropriate agencies, such as the UK Safer Internet Centre, Durham Police or CEOP.

iii Monitoring

- We will appropriately monitor internet use on all setting owned or provided internet enabled devices. This is achieved by:
 - physical monitoring (supervision),
 - monitoring internet and web access (reviewing logfile information) via active/pro-active technology monitoring services).
 - Smoothwall provides reports about usage that could potentially indicate an issue which requires further investigation. Alerting e-mails are sent to the Headteacher who then takes appropriate action.
- If a concern is identified via monitoring approaches we will:

- DSL or deputy will respond in line with the child protection policy.
- All users will be informed that use of our systems can be monitored and that all monitoring will be in line with data protection, human rights and privacy legislation.

The offence will be committed whether or not the child communicates with the adult. This is the offence of sexual communication with a child under section 67 of the Serious Crime Act 2015
